2 BEDROOM COTTAGE IN RURAL COUNTRY LOCATION

Located on the edge of the plateau of Innes View, The Dairy has stunning views and is situated 10-15 minutes drive from Comboyne Village. Grow your own veggies in the luscious red basalt soil and get cosy in the winter with the wood burning fire, with lots of firewood available on the land around.

The cottage belongs to a 900+ acre farm which has recently been purchased. It has plenty of forest and cattle and will soon have plenty of fruit. There would be occasional casual work available on the farm if that was of interest.
